---

## Prosecution process

- This administrative data source does not collect information on Prosecution process
- 

## Outcomes

- ✘ This administrative data source does not collect information on Outcomes
- 
- 

## Characteristics

### Storage System

- ✔ In paper form
  - ✘ Electronically (single files)
  - ✘ Electronically (database)
- 

### Frequency of updating

- Annually
- 

### Quality assurance process

There is a reference group with representatives from the women's shelters. The database is reported to Danish Data Protection Agency. The collection of data is done in line with the Act on Data Protection. Sensitive personal information is protected and locked. Shelter staff doing interviews are educated through job training and an annual meeting. Staff involved are instructed in confidentiality.

---

### Comparability

- ✘ No information available
- 

### Timeliness

1 month - 1 year

**Additional information:** Up to one year.

---

## Current developments

The database has in recent years been improved. It has been decided to collect some basic data every year whereas other data are collected on a thematic basis. A reference group with representatives from the women's shelters are taking part in defining new themes and questions each year. Questionnaires have been made electronic. Data on shelters for men have been added to the database.

---

## Relation with third parties

### Reported to third parties

No

### Used by third parties:

Yes (partly)

### Additional information:

An annual report is published. This report is used by the press, politicians on local, regional and national level and NGOs.
