
Stop Female Genital Mutilations

16p. Booklet (only in French) providing basic information on FGM including countries with high prevalence rates, typology of FGM, a series of questions/answers challenging widely shared assumptions about FGM, domestic, foreign and international provisions prohibiting FGM, and organisations able to offer assistance to victims. 10.000 issues of this tool were issued in October, 2011. 8.500 had been distributed, on demand, by February 2012. Demands came from the Police, hospitals and day care medical centres, as well as schools and other public institutions. No Migrants' non-governmental organisation expressed interest for this booklet. (Information provided by the Family Planning)
