

Strategi for ligestillingsvurdering i det offentlige

Aims and objectives

With a new strategy for gender mainstreaming assessment, the Danish government will strengthen and systematise work by the public authorities on increasing gender mainstreaming. The goal is that gender mainstreaming assessment is to contribute to better exploitation of public resources, improved quality for the public and a higher degree of diversity. At the same time, gender mainstreaming assessment is to support and implement the government's vision to promote real equal opportunities between girls and boys as well as women and men.

Results and impact

Too soon to estimate the outcome of the new strategy.
