

Monitoring

The association follows the way women are portrayed in the media.

Weblinks

Website

Aims and objectives

- To monitor the extent to which female opinions and experts are used in the media

Results and impact

An annual report of the media authority (ORTT) in 2003 concluded that gender equality principles are not yet materialised and that women were not portrayed and treated equal to men. There has been no evaluation since then.

Creator/owner/responsible institution

Association of Hungarian Journalists, Women in the Media (Equal Opportunities) Chapter (Magyar Újságírók Országos Szövetsége, Nők a Médiában (Esélyegyenlőség) Szakosztály)
