

# Evalvacija

## Aims and objectives

Reports, which are presented to the National Assembly every two years, consider implementation of measures and activities, designed for GM and strengthening GE. Three reports have been published so far that consider time frames of 2006-2007, 2008-2009 and 2010-2011.

---

## Results and impact

Evaluation has so far resulted in three Reports: Reports 2006-2007, Report 2008-2009 and Report 2010-2011.

---

## Creator/owner/responsible institution

Government of Republic of Slovenia

---

## Contents/activities/services

The content of each report addresses the implementation of National programme and its objectives. It thoroughly considers how and if the objectives have been implemented and if they meet the criteria set in the National plan and each of the Periodical plans. Each of the reports include different indicators that should serve to see how have the foreseen actions influenced gender equality and how successful has the gender mainstreaming been. Certain on-going monitoring is therefore available every two years in the form of Reports.
