

Rich collection of resources at CWSP'S website, under 'Projects'

CWSP implements in partnership with Bulgarian and foreign organizations and institutions different projects and organizes events, financed by international or national donors. The activities under these initiatives aim at encouraging the participation of women in decision-making, providing equal opportunities on the labor market, protection of the human rights of women by lobbying for new legislation or changes in existing regulations, strengthening the institutional and human resource capacity of Bulgarian NGOs and gender equality state institutions.

The contained links further lead to resources, potentially useful for gender training purposes.
