

## Sukupuolisilmälasit.fi - verkkosivut

---

This website provided information and practical advice on gender mainstreaming and gender impact assessment. It was targeted mainly to support civil servants in their daily work as well as to the general public. Since 2010 most of the content of the website has been integrated to the website of the Ministry of Health and Social Affairs. The website provides information on how to assess the gender impacts in budgetary processes, projects, and legislation.
