

A Igualdade de Género - Caminhos e Atalhos para uma Sociedade Inclusiva

This book intends to provide an understanding of the operational concept of "mainstreaming". This book provides a reflexion on integrating the gender dimension in policies, actions tips to integrate gender at local level, the importance of parity in decision making and in sharing political power, paritary democracy, the place for women in society in the future, and a contribution from feminist Christian theology about female representation in western contemporary culture.
