Activities

GPF has applied for projects involving men in advocacy work. So far it has not received funding. It participated in an initiative by the Ministry of Labour and Social Policy on male involvement. In June 2005, the Gender Project for Bulgaria Foundation became an associate member of the National Council on Gender Equality to the Council of Ministers of Bulgaria. In addition to this advocacy and expert work, GPF uses the following instruments: organisation of /participation in training on Gender Mainstreaming for representatives of institutions and parliamentary political parties; training for media representatives on gender equality theory and policy and MDGs.
