

## Journalists meet to discuss reconciliation

Reconciliation is a topic that from time to time is picked up by the media. At the [Journalists' Consultations Meeting](#) (JCM) in Marseille, an introduction on promoting a balance between working, personal and family life for both women and men in the EU and a presentation of EIGE's working areas was on the agenda.

At the same time the JCM works as a consultation process for EIGE to receive input for its Communications Strategy that currently is being developed.

Journalist and media experts from Italy, France, Spain, Portugal, UK and Ireland were invited to the Journalists' Consultation Meeting in Marseille. The [nextmeeting](#) in the regional consultation process will take place in Copenhagen on 10 June at the Scandic Copenhagen Hotel with participants from Denmark, Sweden, Finland, Estonia, Latvia and Lithuania.
