

Study to review the implementation of the Beijing Platform for Action in the EU – Beijing +25

The subject matter of the contract is to support the monitoring of international commitments of the EU and Member States by providing the necessary evidence on the major achievements and set-backs of gender equality when implementing objectives of the BPfA in the context of EU policy priorities and targets since Beijing +20 and to provide recommendations for further actions.

The tender documents will be published and available at <https://etendering.ted.europa.eu/cft/cft-display.html?cftId=3438>

Note: EIGE is using [eTendering platform](#) for managing this call for tender, which consists of the publication of procurement documents and the management of questions and answers concerning the specifications and the procedure.

Please follow the relevant links to gain access to all procurement documents. The documents will be visible and downloadable, but in order to use some options on the eTendering website, you will need to register and log in. It is the tenderer's responsibility to check for updates and modifications to the tendering documentation during the tendering period on eTendering platform.
