

Advancing Administrative Data Collection on Intimate Partner Violence

The subject matter of the contract is to assess the progress made at a national level in improving data collection, in order to provide uniform data on intimate partner violence and enhance EU data comparability and to improve data collection on gender-related killings of women and girls by developing a classification system.

The tender documents will be published and available at <https://etendering.ted.europa.eu/cft/cft-display.html?cftId=4793>

Note: EIGE is using [eTendering platform](#) for managing this call for tender, which consists of the publication of procurement documents and the management of questions and answers concerning the specifications and the procedure.

Please follow the relevant links to gain access to all procurement documents. The documents will be visible and downloadable, but in order to use some options on the eTendering website, you will need to register and log in. It is the tenderer's responsibility to check for updates and modifications to the tendering documentation during the tendering period on eTendering platform.
