

# Framework service contract for the maintenance and update of EIGE's gender statistics tools, resources and other related services

EIGE seeks to conclude one or more framework contract(s) with an economic operator(s) capable of providing a large range of services related to the production, collection and dissemination of gender statistics:

- Lot 1: Maintenance, development and updating of statistical data and metadata of EIGE's gender statistics database/monitoring of its usability and relevance as well as production of reports to support the dissemination process
- Lot 2: Collection of data on women and men in decision-making positions ensuring coherence and consistency with the maintenance, development and updating process of EIGE's gender statistics database and the production of related reports
- Lot 3: Collection of data and metadata on Gender-based violence ensuring coherence and consistency with the maintenance, development and updating process of EIGE's gender statistics database and the production of related reports
- Lot 4: Quality assurance and technical advice of gender statistics produced, analysed and communicated within Lots 1, 2 and 3 regarding consistency with EU quality standards

The tender documents will be available on the [TED eTendering platform](#) within 7 days of this call.

Note: EIGE is using eTendering platform for managing this call for tender, which consists of the publication of procurement documents and the management of questions and answers concerning the specifications and the procedure.

Please follow the relevant links to gain access to all procurement documents. The documents will be visible and downloadable, but in order to use some options on the eTendering website, you will need to register and log in. It is the tenderer's responsibility to check for updates and modifications to the tendering documentation during the tendering period on eTendering platform.
