

To make this website work properly, we sometimes place small data files called cookies on your device.

We use cookies to:

- Manage sessions for logged in users;
- Remember the selected website language and other website settings; and
- Monitor site usage using Matomo (anonymised web analytics tools).

Cookies will not be used for any purpose other than the ones stated.

The data collected using this type of cookie contain no personal information and cannot be used to identify a particular visitor.

EIGE uses various social media platforms (Facebook, LinkedIn, YouTube, Twitter) with the purpose of strengthening online presence and visibility. These platforms may set cookies for sharing content or for producing access statistics. The number and status of cookies may depend on how you use the platforms concerned before or while visiting EIGE's website.

You may choose to prevent this website from aggregating and analyzing the actions you take here. Doing so will protect your privacy, but will also prevent the owner from learning from your actions and creating a better experience for you and other users.

## **What are cookies?**

A cookie is a small text file that a website saves on your computer or mobile device when you visit the site. It enables the website to remember your actions and preferences (such as login, language, font size and other display preferences) over a period of time, so you don't have to keep re-entering them whenever you come back to the site or browse from one page to another.

## **How can I control / disable cookies?**

You can control and/or delete cookies as you wish – for details, see [aboutcookies.org](https://aboutcookies.org). You can delete all cookies that are already on your computer and you can set most browsers to prevent them from being placed. If you do this, however, you may have to manually adjust some preferences every time you visit a site and some services and functionalities may not work.
