

Data According to the Law on the Protection from Domestic Violence

Types of GBV

- ✓ Intimate Partner Violence
 - ✗ Rape
 - ✗ Sexual Assault (excl. rape)
 - ✗ Sexual Harassment
 - ✗ Stalking
-

Purpose of data collection

- Monitoring

Other purpose:

Procedures monitoring. Analysis of protection measures. Workload monitoring in centres for social welfare.

Data available on

Victim

Background information

- Age
- Sex

- Nationality
- ID
- Name
- Ethnicity
- Marital status
- Dependants

Other: Social history, family circumstances, psychological testing and in some cases, additional treatment

Relationship with perpetrator

- Yes

Type of relationship: Family, intimate partner, son, mother, daughter, relatives.

Repeatedly suffering from GBV

- Yes
-

Perpetrator

Background information

- Age
- Sex
- Nationality
- ID
- Name
- Ethnicity
- Marital status
- Dependants

Other: Social history, family circumstances

Relationship with victim

- Yes

Additional information: This means that it is recorded whether there exists a previous relationship between victim and offender (e.g. family, intimate partner) or not (stranger).

Re-offending

- Yes
-

Witness

Background information

- Age
- Sex
- Nationality
- ID
- Name
- Ethnicity
- Marital status
- Dependants

Other: Social history, family circumstances

Relationship with victim/perpetrator

- Yes

Incident description by witness

- No information available

Children witnessing IPV incident

- Yes
-

Incident

Code system used

- No codes used
-

Description of incident

- Date/time
- Harm/injuries
- Location
- Type of violence

Other: Specific data for each competent institution: the police (e.g. number of offenders arrested and brought to the Magistrate Judge, the number of appeals against the decision of the Magistrate Judge), State Attorney (e.g. number of proposed detention), Magistrate courts (e.g. number of specific protection measures, the number and type of corrective measures), centres for social welfare (e.g. number of appointed special guardian for the child in court proceedings relating to domestic violence, the number of accommodation in the shelter), medical facilities (e.g. costs of treating victims of domestic violence, the number of cases in which the victim or the perpetrator were referred to treatment in a psychiatric facility).

Protection order

- Yes

On protection orders there is information about the total number of the imposed protection measure and safety measures.

Civil justice data

- Yes

Additional information: Data regarding divorce procedures, guardianships' and similar.

Incident respond resources

- ✗ No information collected on Incident respond resources
-

Prosecution process

Stages of prosecution process

- Withdrawals of complaints
 - Withdrawals of prosecution support
 - N. of cases reported for each incident
 - N. of cases initiated for each type of incident
 - N. of cases referred to court
 - Types of offense(s)
-

Defendant pleas/verdicts

- Guilty pleas
- Guilty verdicts

Other: Data on number of cases brought by the prosecutor resulting in guilty pleas/guilty verdicts, but reporting on this specific information is not consistent and the information is not always delivered.

Average time case through criminal justice system

- No
-

Outcomes

Perpetrator

N. of cases resulting in arrest

- No
-

List of offenses

- Yes
-

Probation

- Yes
-

Prisons

- Yes

* Number of total prison sentences.

Victim

Death as result of incident

- No
-

* Data about N. protection measures, N. of safety measures, N. of detentions.

Characteristics

Storage System

- ✘ In paper form
 - ✘ Electronically (single files)
 - ✔ Electronically (database)
-

Frequency of updating

- Other

* Monthly, quarterly and annually

Quality assurance process

- ✘ No information available
-

Comparability

- ✘ No information available
-

Timeliness

- ✘ No information available
-

Current developments

No plans.

Relation with third parties

Reported to third parties

- No

Used by third parties:

No

Reporter

- ✓ Victim
- ✓ Witness
- ✗ Offender

Other: Police, hospitals, anonymous reports, officials from kindergartens, elementary and high schools.

* The most important change is that in the last few years, institutions started using Excel sheets and the fact that there is an increased number of questions about domestic violence. All data provided by Centres for Social Welfare have a greater potential than those that are used.
