- Yes

The information can be included in the essay part of the form, but are not processed.

Civil justice data

- Yes

Additional information: Number of civil justice data, other data can be collected in the essay part of the form, but these are not processed.

Incident respond resources

- ✗ No information collected on Incident respond resources
-

Prosecution process

- ✗ This administrative data source does not collect information on Prosecution process

Outcomes

- ✗ This administrative data source does not collect information on Outcomes
-

Characteristics

Storage System

- ✗ In paper form
 - ✗ Electronically (single files)
 - ✓ Electronically (database)
-

Frequency of updating

- Daily
-

Quality assurance process

No systematic activities are implemented that can be demonstrated to provide confidence that the processes will fulfil the requirements for the data output. There is basic trust in those who record the data that they will do it truthfully.

Comparability

- ✓ Geographical
- ✗ Over time
- ✗ None

* The stakeholder thinks that they definitely are, but the question is with what? The problem is a lack of unified definitions. However, the stakeholder does not seem to think so.

Timeliness

Timely

Current developments

No plans.

Relation with third parties

Reported to third parties

Yes
