- ✗ This administrative data source does not collect information on Prosecution process
-

Outcomes

Perpetrator

N. of cases resulting in arrest

- No
-

Probation

- No
-

Bail/remand

- No
-

Prisons

- No

Victim

Death as result of incident

- Yes
-
-

Characteristics

Storage System

- In paper form
 - Electronically (single files)
 - Electronically (database)
-

Frequency of updating

- Ongoing
-

Quality assurance process

Two standardized forms are used by medical personnel in Austria to document cases of Violence against Women: "Untersuchungsbogen für erweiterte Verletzungsdokumentation" (form in order to document injuries following violence) and "Untersuchungsbogen für Opfer nach Sexualdelikt" (Form for Victims of sexual violence).
