

# Female Genital Mutilation, forced marriages and so-called honour-based violence: How to protect victims? How to cooperate between professionals?

This colloquium and report are the result of a cooperation between Intact vzw and the regional coordination on domestic violence of the Ministry of the Region of Brussels. It aims to unite stakeholders, give an answer to some juridical questions on FGM, and to develop instruments for professionals in Brussels, to understand, detect and intervene in cases of FGM.
