

National awareness campaigning

Social and personal development of young people still attending secondary school. Lessons target specific issues that concern social and personal life e.g. personal relations, domestic violence, etc.

Aims and objectives

ESF Project "Dignity for Domestic Violence Survivors"

National Awareness Campaign is a campaign that aims to improve the social structure pertaining to domestic violence by training and sensitising professionals and employers who come into contact with people experiencing or escaping domestic violence.

National Awareness Campaign aims to train for professionals who come into contact with women escaping or living with domestic violence (police, legal, health, educational professionals, social workers,

The Maltese project also emphasised the importance of employability.

The ESF project 'Dignity for Survivors of Domestic Violence' aims to increase access to employment for women victims of Domestic Violence. This is being tackled through: training for various professionals on the availability of

and accessing of various employment schemes; sensitisation of employment

professionals on Domestic Violence; awareness raising campaign; etc.
