

# Training module FGM and role of youth health care

Purpose: Youth health care staff learn what role they play in the Netherlands as chain YHC in the fight against FGM. They also learn about the content of the Position preventing FGM, they are supposed to use in their conversations with parents or children from the communities at risk. They can provide solutions for practical problems experienced with each exchange.

Contents:

- The role of Youth Health Care in Dutch policy against FGM.
- The position preventing FGM.
- Exchanging experience in the field.

Trainers: Trainer of Pharos. Duration of the module: 2 to 3 hours
