

Measures against violent traditional practices against women in Austria

After analyzing the problems and shortcomings with regard to harmful traditional practices against women in Austria, and the subsequent formulation of action requirements, six ministries (Ministry of Health and Women, Ministry of Justice, Ministry of Social Security, Generations and Consumer Protection, Ministry of Foreign Affairs, Ministry of Education, Culture and Science, and Ministry of International Affairs) developed a comprehensive package of measures that are presented in this brochure. FGM is specifically targeted in this policy brief.
