

# National Action Plan to fight partner violence and other forms of intrafamilial violence 2010-2014

---

FGM is explicitly recognized as a form of domestic violence. The overall objectives are threefold: 1) to reach better knowledge with regard to FGM in Belgium; 2) to inform and to involve selected categories of professional in the prevention of FGM; 3) to ensure a global approach to take care of mutilated girls and their entourage.
