

Criteria guide judicial action against gender violence

This guide has the purpose to give directions on VAW spanish constitutional law to legal professionals as to guarantee an univocal interpretation of it. It explains its conceptual basis, what is aimed to do and what rights they have to ensure for the protection of women. It give also suggestions on how to deal with other insititutions as well as how to act in VAW trials, in the last part of the guide there is a list of international and spanish legal measures against VAW.
