Tackling the Health and Mental Health Effects of Domestic and Sexual Violence and Abuse

This document sets out a programme of work (Victims of Violence & Abuse Prevention Programme) to equip services and professionals and respond to the health and mental health needs of individuals affected by domestic violence, childhood sexual abuse, rape, oblique sexual assault and sexual exploitation including children, adolescents, and adults, both victims and abusers. The programme also covers stalking, sexual harassment, forced marriage, female genital mutilation (FGM) and ‘Honour Crime’.
