Aims and objectives

The process aimed at consulting materials (problem diagnosis) and documents (draft recommendations) used as a starting point for elaborating the Strategic Recommendations for Equal Treatment with civil society and academic experts. Strategic Recommendations for Equal Treatment have been serving as basis for developing National Action Plan for Equal Treatment.

Results and impact

CSOs and academics had the opportunity to present their opinions on the draft documents and recommendations for the National Action Plan for Equal Treatment. However no information on the impact of the consultation process on the documents was provided.
