Contents/activities/services

Main project activities are: analysis of family politics measures, guidelines, workshops, national research was carried out. The project was set to raise awareness about gender and gender equality, which was done with the establishment of special web page - quiz on gender equality for general public. Capacity building was also one of the methods of gender mainstreaming and was realised in a form of guidelines. Analysis of family politics measures from the perspective of gender took place and was published with an aim to improve this policy area. Gender budgeting was addressed and guidelines on how to include it were published. A research on gender influence in family and spousal life was also carried out.
