
Zaostřeno na muže a ženy 2012

The Czech Statistical Office published in 2012 the 13th publication focused on comparing differences between women and men in various areas of social life in modern society. With this publication, inter alia, the Czech Statistical Office fulfils Item 7.3 of the Resolution of the Government No. 456/2001 from 9. 5. 2001 "Updated measures to the fulfilment of priorities and procedures of the government in implementing equality of men and women" where the government obligated the Czech Statistical Office to publish statistical data on women and men.
