

Hallituksen tasa-arvo-ohjelma 2008-2011. Seurantaraportti syksy 2009

The report of the cross-ministerial working group established to monitor the implementation of the Gender Equality Action Plan. According to the report most of the actions were still in the beginning of their implementation. The report was presented to the government in November 2009, and the government decided to complement the Action Plan with new measures related to women and the media.
