

Guide for Equality and reconciliation of work and family

This particular Guide is the product of the Transnational Partnership "SEMELI" (Community Initiative EQUAL). It is a useful tool for those that wish to be informed and activated in the direction of asserting gender equality and equal opportunities for men and women. It is based on the idea that family relations and particularly the distribution of roles within the family are crucial in combatting gender social discrimination and achieving reconciliation of work and family

Format: paperback: p.62
