

Gender Equality in Latvia: Achievements and Challenges

This study argues, based on qualitative and quantitative data, that while gender mainstreaming efforts have been made in Latvia, many issues remain to be solved before the patriarchal framework in various professions including media ones is removed.

Key information on EU or National policies/legislation on women's' representation on the Media:

Gender equality in various professions including media ones

Key information on EU or National policies/legislation on women's' representation in advertisement:

European Commission Sixth Framework Programme
