
Behovsmotiverad forskning om jämställdhet

The government has given the Swedish agency for Innovation (VINNOVA) the task to launch a call for applied research for gender equality within both the private and public sphere, gender mainstreaming is one specific focus of the call. The purpose of the call is to support research and development that contributes to the advancement of practical equality work related to management, organisation, organisational change and innovation in different environments. The call has a budget on 30 million SEK
