

## CADIAI

---

CADIAI, a category A social cooperative, was founded in Bologna in 1974 and is a registered ONLUS (non-profit social organization). It provides social, healthcare, and educational services to the public (often in cooperation with public bodies), and healthcare surveillance, occupational health services, and safety training programmes to companies. It endorses competencies of the workers and grant them equal opportunity and realize work and life reconciliation policies as maternity protection. CADIAI operates primarily in the province of Bologna, where it was founded. It develops projects outside this province by creating partnerships with local cooperatives that share its spirit. It is a member of Legacoop Bologna, emphasising its ties to the city and province, and participates in conferences (especially in the social sphere) proposed by this trade association, one of Italy's largest. It is also a member of Legacoopsociali, part of Legacoop.
