

## Emankunde (Bask Women´s Institute)

Following the example of the Nation Women´s Institute and as results from feminists association activities different women´s institutes were created at regional level. This one located in the Bask Country was created in 1988. Its goals are basically the same as the others Women´s Institutes and it has demonstrated a strong capacity to put forward women issues in the political, social, cultural and economic agenda of the region. It facilitates numerous material on conciliation in its web page.
