Equality Challenge Unit

Equality Challenge Unit (ECU) works to further and support equality and diversity for staff and students in higher education across all four nations of the UK, and in colleges in Scotland. ECU works closely with colleges and universities to seek to ensure that staff and students are not unfairly excluded, marginalised or disadvantaged because of age, disability, gender identity, marital or civil partnership status, pregnancy or maternity status, race, religion or belief, sex, sexual orientation, or through any combination of these characteristics or other unfair treatment. It provides a central source of expertise, research, advice and leadership, and supports institutions in building a culture that provides equality of both opportunity and outcome, promotes good relations, values the benefits of diversity and provides a model of equality for the wider UK society.

Areas of Interest

Equality, age, gender, race, religion or belief, sexual orientation, disability, higher education
