

## Mumsnet

Mumsnet is the UK's biggest network for parents. It hosts discussion forums where users share peer-to-peer advice and information on parenting, products and many other issues. Mumsnet also has a Bloggers Network with 3,500 registered bloggers and a network of 200 local sites run in partnership with local editors. Mumsnet has also initiated several national campaigns, and publicly supports a number of causes related to parenting.
