

# Activity of The Malta Gay Rights Movement (MGRM)

---

## Aims and objectives

The Malta Gay Rights Movement (MGRM) was set up in June 2001. MGRM strives to achieve full equality for LGBT people in Maltese society; a society that enables people to live openly and fully without fear of discrimination based on one's sexual orientation, gender identity and gender expression. MGRM promotes its mission in a variety of ways (support for its members, petitions, campaigns, surveys, publications, etc). LGBT addresses all people, independent of gender, to promote its objectives.

The objectives are:

- To achieve legal equality for LGBT people
  - To have social policies that refer to and are inclusive of sexual orientation, gender identity and gender expression
  - To bring about positive social attitudes towards LGBT people and their issues
  - To empower the LGBT community to engage in social and political issues that are of direct concern
  - To encourage wider society engagement with MGRM's human-rights based approach
  - To make MGRM a sustainable organisation
-
