

Institutional mechanisms for gender equality and gender mainstreaming

The European Institute for Gender Equality (EIGE) envisages awarding a contract after open procedure. The overall objective of this project is to contribute to more effective and sustainable design and implementation of gender mainstreaming strategies and initiatives to allow and foster real progress in gender equality in the EU and its Member States. The overall objective of this project is to contribute to more effective and sustainable design and implementation of gender mainstreaming strategies and initiatives to allow and foster real progress in gender equality in the EU and its Member States.

The tender documents will be published and available at <https://etendering.ted.europa.eu/cft/cft-display.html?cftId=3562>

Note: EIGE is using eTendering platform for managing this call for tender, which consists of the publication of procurement documents and the management of questions and answers concerning the specifications and the procedure.

Please follow the relevant links to gain access to all procurement documents. The documents will be visible and downloadable, but in order to use some options on the eTendering website, you will need to register and log in. It is the tenderer's responsibility to check for updates and modifications to the tendering documentation during the tendering period on eTendering platform.
