 The Covid-19 pandemic and intimate partner violence against women in the EU March	Report	This study offers a preliminary overview of the measures undertaken across the EU to support victims of violence during the Covid-19 outbreak from March until the end of September 2020. It identifies examples of promising practices and provides initial recommendations for the EU and Member States on how to better support victims during the pandemic, as well as to other potential crises.	-	-
 Who is eligible for parental leave in the EU country? April	Factbook	Parental leave is granted to parents, usually after maternity and paternity leave, allowing mothers and fathers to take care of their young children without losing their jobs. Such a policy exists in all EU Member States. The policy design and eligibility rules vary across the EU and not all women and men in the EU are eligible for parental leave. Country factbooks present a short overview overview for each EU Member State and the United Kingdom.	28	-
