

Gender mainstreaming: gender stakeholder consultation

Gender stakeholder consultation promotes the participation of women and men in the policymaking process to ensure that their voices are heard and their priorities are reflected in policies, programmes and projects.

Gender stakeholder consultation is the process of engaging and ensuring the meaningful participation of women and men, including civil society organisations and gender experts, in the policymaking process. Gender stakeholder consultation promotes evidence-based and participatory decision making, which takes into consideration the different priorities and needs of women and men, including the most marginalised groups and those that are traditionally excluded from decision-making processes.
