EIGE/2015/OPER/07. Questions & Answers Nr 6

Question 6:

The question regards the geographical coverage.

"As regards the pool of national research experts, pag 38 of ToRs says "national researchers (with adequate language skills) supporting the senior researchers' analysis, able to map the required information in all EU Member States"

However, there are a few references to EU28 and associated countries in other parts of the ToRs. For instance, pag. 4 "It will be primarily aimed at the Research Performing Organisations (RPOs) in the EU-28 and associated countries"

Can you please clarify which is the correct request?"

Answer 6:

The geographical coverage of the study will be 28 EU Member States
