Other types of femicide

- ✓ Definition
- ✓ Indicator

Next steps

Two areas of focus

1. Data collection

- Continuation of the Terminology report: Expanding definitions and indicators to other types of femicide
- Data collection: Administrative data on selected types of femicide

Overview of the process

Next steps

Two areas of focus

2. Institutional response

- How can administrative data collection be improved?
- Femicide data is dependent upon the police and justice sector to recognise the case as gendered
 - Is the police investigation conducted with a gendered analysis?
- If no, the case's gendered aspects are not recognised → No administrative data
