

EIGE's publications overview 2021

	Title	Type of publication	Description	Country versions	Language versions
	<p>Gender inequalities in care and consequences for the labour market</p> <p>January</p>	Report	This report focuses on Beijing Platform for Action Area F, 'Women and the economy', and explores the ways in which gender inequalities in pay are linked to gender inequalities in care in Europe. The analysis aims to contribute to important policy discussions on the gender pay gap and gender care gap.	-	-
	<p>Quality Considerations for EIGE's Gender Statistics Database</p> <p>February</p>	Report	This publication explores all aspects of quality as it relates to EIGE's Gender Statistics Database. It should be useful both to the users and to the contributors (data producers and providers) of gender statistics.	-	-
	<p>Female genital mutilation: How many girls are at risk in Austria / Luxembourg / Spain / Denmark?</p> <p>February</p>	Factsheet	EIGE has published four fact sheets examining the number of girls at risk of FGM in Austria, Luxembourg, Spain and Denmark.	4	EN, DA, DE, ES, FR
	<p>The Covid-19 pandemic and intimate partner violence against women in the EU</p> <p>March</p>	Report	This study offers a preliminary overview of the measures undertaken across the EU to support victims of violence during the Covid-19 outbreak (from March until the end of September 2020), identifies examples of promising practices and provides initial recommendations for the EU and Member States on how to better support victims during the pandemic, as well as in other potential crises.	-	-
	<p>Who is eligible for parental leave in the EU country?</p> <p>April</p>	Factsheet	Parental leave is granted to parents, usually after maternity and paternity leave, allowing mothers and fathers to take care of their young children without losing their jobs. Such a policy exists in all EU Member States. The policy design and eligibility rules vary across the EU and not all women and men in the EU are eligible for parental leave. Country factsheets present a short situation overview for each EU Member State and the United Kingdom.	28	-

	<p>Who is eligible for parental leave in the EU-28?</p> <p>April</p>	Factsheet	Parental leave is granted to parents, usually after maternity and paternity leave, allowing mothers and fathers to take care of their young children without losing their jobs. Such a policy exists in all EU Member States. The policy design and eligibility rules vary across the EU and not all women and men in the EU are eligible for parental leave. This factsheet compares the situation across all EU Member States and the United Kingdom.	-	-
	<p>Estimation of girls at risk of female genital mutilation in the European Union: Denmark, Spain, Luxembourg, Austria</p> <p>May</p>	Report	This report provides accurate qualitative and quantitative information on FGM and its risks among girls, in Denmark, Spain, Luxembourg and Austria, taking into account new patterns of migration. The study also examines FGM-related policies and legislation from mid 2017 to mid 2020.	-	-
	<p>Gender equality and the socio-economic impact of the COVID-19 pandemic</p> <p>May</p>	Research Note	This study aims to provide a more detailed and timely picture of the short-term and long-term gender equality challenges faced by the EU as a result of the Covid-19 crisis, focusing on the labour market situation, working arrangements and incomes, the impact on gender roles and the work-life balance of workers and the role of employment-supporting factors and recovery measures.	-	-
	<p>Statistical brief: gender balance in corporate boards 2020</p> <p>May</p>	Statistical Brief	Each year, EIGE monitors gender balance in central banks and European financial institutions, and does so on a biannual basis in the largest listed companies in the EU Member States.	-	-
	<p>Statistical brief: gender balance in politics 2020</p> <p>May</p>	Statistical Brief	EIGE regularly monitors the situation in parliaments and governments across the EU, with a particular focus on gender balance in decision-making at EU, national and territorial levels, as well as in legislative actions and political parties.	-	-

EIGE's publications overview 2021

	Title	Type of publication	Description	Country versions	Language versions
	Consolidated Annual Activity Report (CAAR) 2020 June	Report	This consolidated annual activity report (CAAR) provides a comprehensive and detailed account of EIGE's activities in 2020 for implementing its mandate and achieving the objectives set in the annual work programme (Single Programming Document (SPD) 2020- 2022).	-	-
	EIGE Writing guide June	Guide	This guide outlines writing, publication and data presentation practices at EIGE.	-	-
	Upward convergence in gender equality: How close is the Union of equality? (Joint policy brief with Eurofound) July	Brief	This policy brief, which was jointly prepared by Eurofound and EIGE, investigates patterns of convergence in gender equality as measured by the Gender Equality Index in the Member States over the 2010–2018 period.	-	EN, DE, ES, FR
	EIGE's indicators on intimate partner violence, rape and femicide: Recommendations to improve data quality, availability and comparability September	Report	This report provides recommendations to the Member States of the European Union and the United Kingdom to improve the quality, availability and comparability of data on intimate partner violence against women, based on a thorough review of the work on the 13 police and justice indicators carried out by EIGE since 2017.	-	-
	Gender Equality Index 2021: Health October	Report	The Gender Equality Index presents the state of gender equality in the EU and its Member States. It tracks progress over time and shows areas for improvement.	-	-

	EIGE's indicators on intimate partner violence, rape and femicide: EU state of play October	Report	This report focuses on administrative data collected from 30 different jurisdictions across the EU Member States and the United Kingdom as a primary source for measuring the performance of institutions in preventing and tackling gender-based violence.	-	-
	The costs of gender-based violence in the European Union October	Report	This report focuses on updating estimates of the costs of gender-based and intimate partner violence in the United Kingdom in 2019. These estimates are then extrapolated from the United Kingdom to EU Member States. This updated study on the costs of gender-based violence in the EU is accompanied by a critical review of studies carried out within the EU to estimate the costs of gender-based and intimate partner violence that have been published since EIGE's 2014 study. This review provides a set of lessons learned for future costing studies at European level and recommendations for estimating the costs of gender-based violence at Member State and EU levels.	-	-
	Measuring femicide in the EU countries November	Factsheets	EIGE has published 28 factsheets covering the EU Member States and the United Kingdom, looking at how each country measures femicide. Currently, data collection systems vary widely, as they draw on various sources. To improve the collection of administrative data on femicide, EIGE has been working to establish indicators that can harmonise data collection processes across Member States' jurisdictions.	28	-
	Femicide: a classification system November	Report	This report highlights the importance of measuring femicide based on joint definitions, starting from a classification of different types of femicide and agreed variables that help to identify them.	-	-
