WHAT WE BELIEVE

OUR CORE PRINCIPLES

CODE OF CONDUCT

MENENGAGE & ACCOUNTABILITY

MenEngage Alliance is an international network of civil society organizations working with men and boys for gender justice, promoting health and reducing violence by challenging structural barriers to women's rights and gender justice

We work collectively and individually toward advancing women's right, gender equality, human rights and social justice

A world where all people are equal and free from discrimination, and in which gender justice and human rights are protected and promoted

MenEngage Global Alliance works to transform unequal power relations and patriarchal systems by addressing masculinities, building inclusive alliances from local to regional to global, working with men and boys through an intersectional feminist approach, and fostering joint actions in partnership with women's rights, gender & other social justice movements

How We Promote Gender Justice

CHANGING PERCEPTIONS

In order for the world to change, people must change. Our member organizations work with individuals in communities around the world to create new ideas about gender, masculinity and to learn healthier ways to relate to each other.

ORGANIZING & ADVOCATING

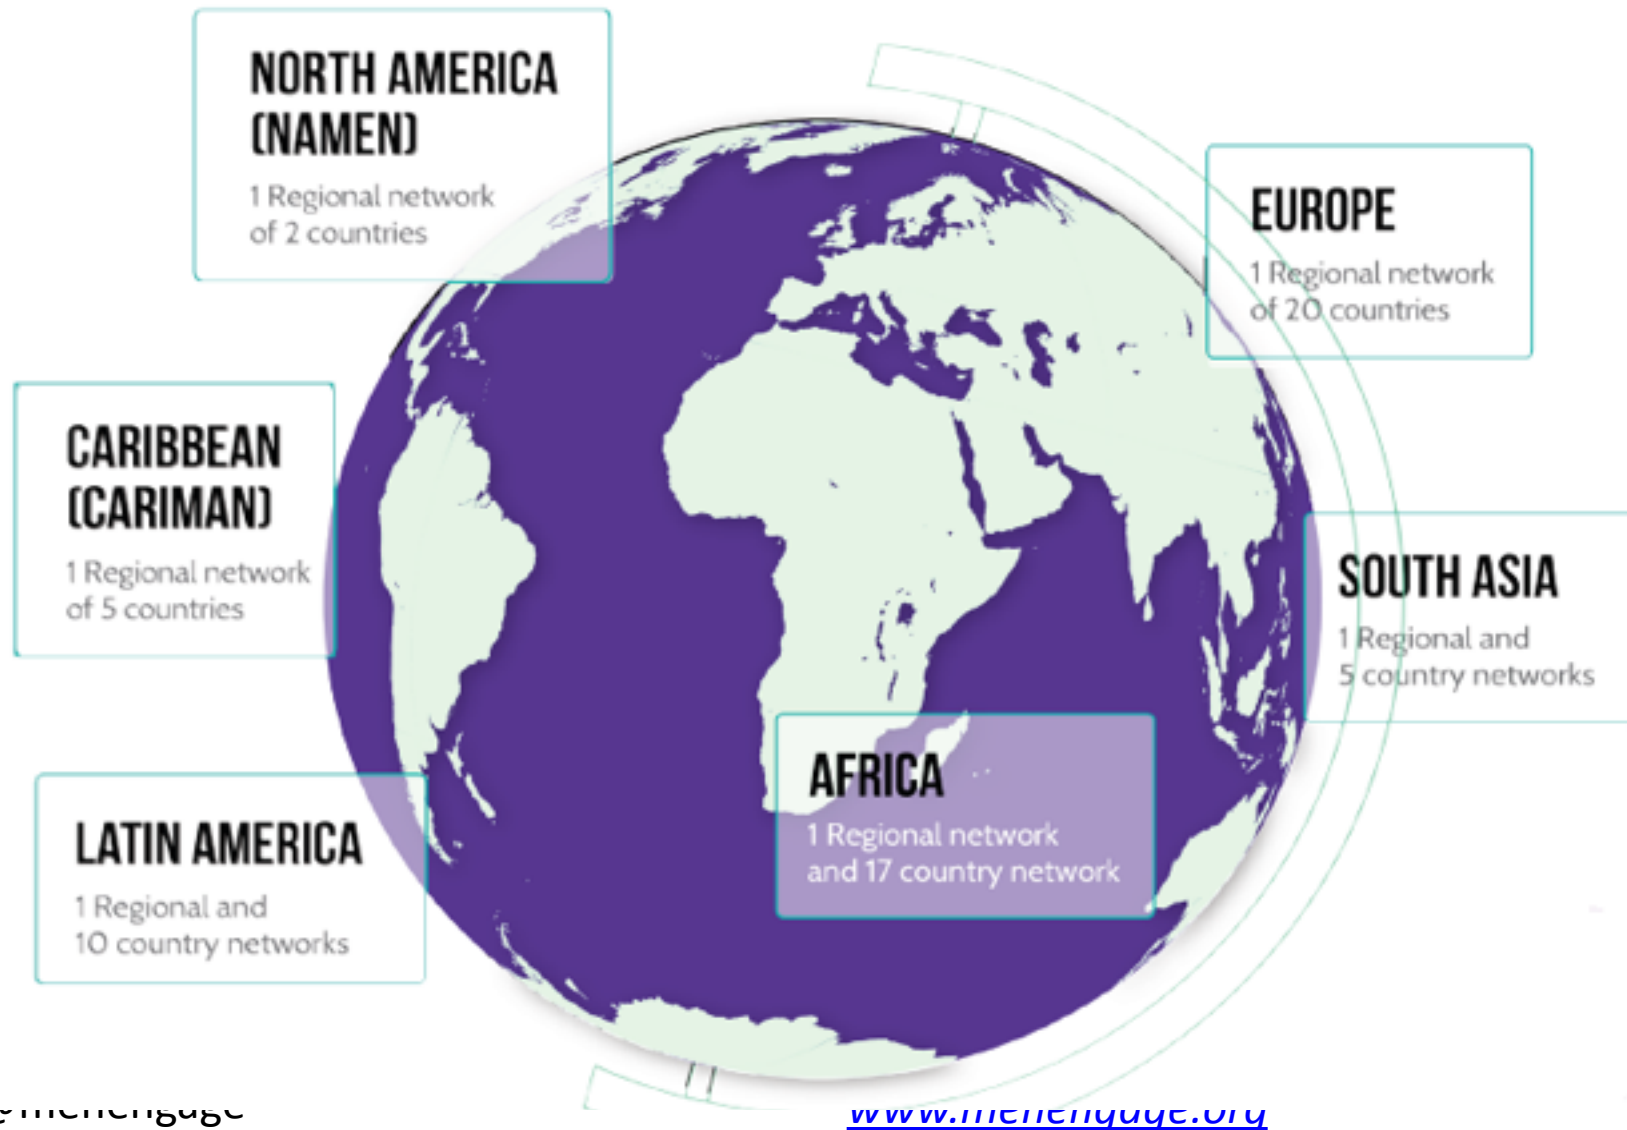

To move forward on gender equality goals and objectives, it is critical to bring communities and governments along with us and change laws and norms in addition to hearts and minds.

SHARING INFORMATION AND RESOURCES

Members of our networks bring unique skills to the table based on their experience in their communities and countries. We shared ideas and resources in order to ensure that we all are stronger.

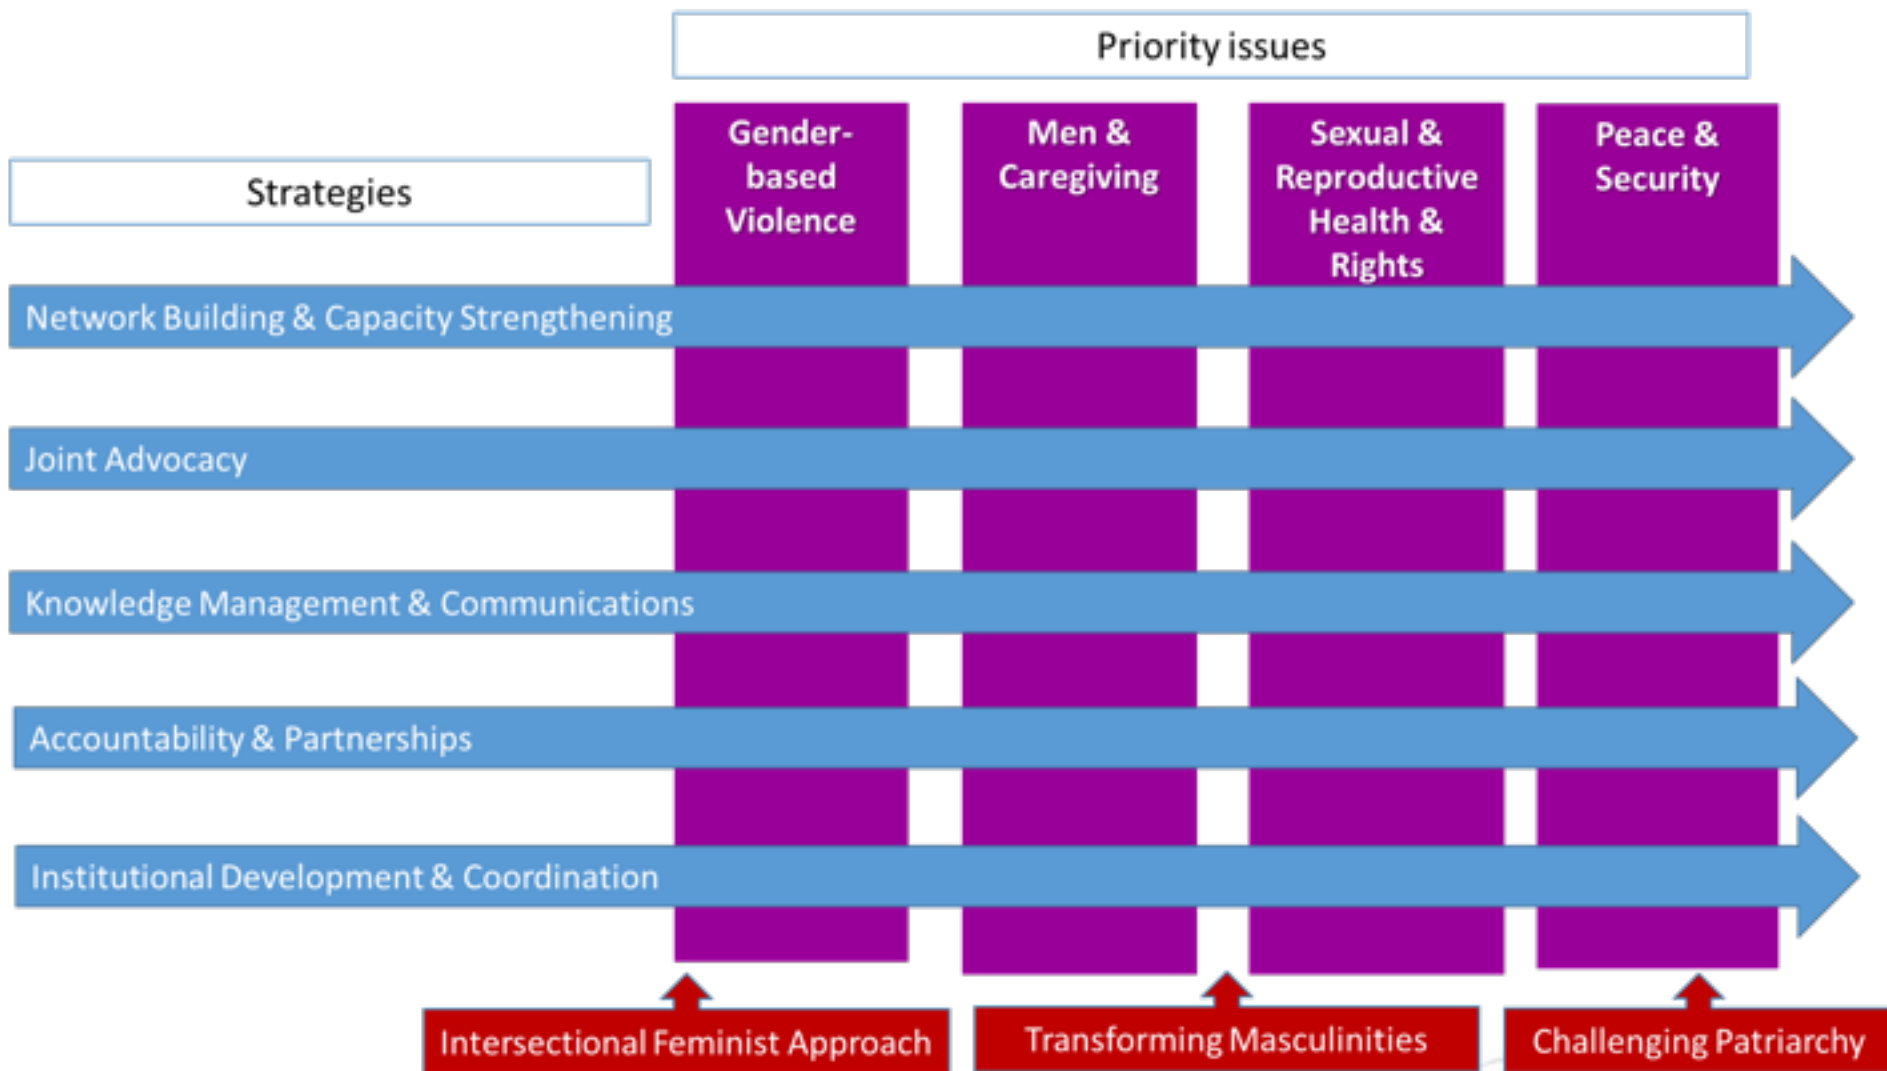

MenEngage Alliance Presence

An international network with presence in around 66 countries globally, with 34 country networks, 6 regional networks, over 700 non-governmental organizations, as well as UN partners

Together for Gender Justice

- We believe that by making men and boys understand the implications of gender inequality, harmful notions of masculinity, its effects on women's and girls' human rights, and on men and boys' own health and well-being → can mobilize them as agents of change for all
- We work to contribute to a global movement for gender justice through transforming masculinities, working with men and women, boys and girls, people of all genders.

MenEngage Members, How we work...

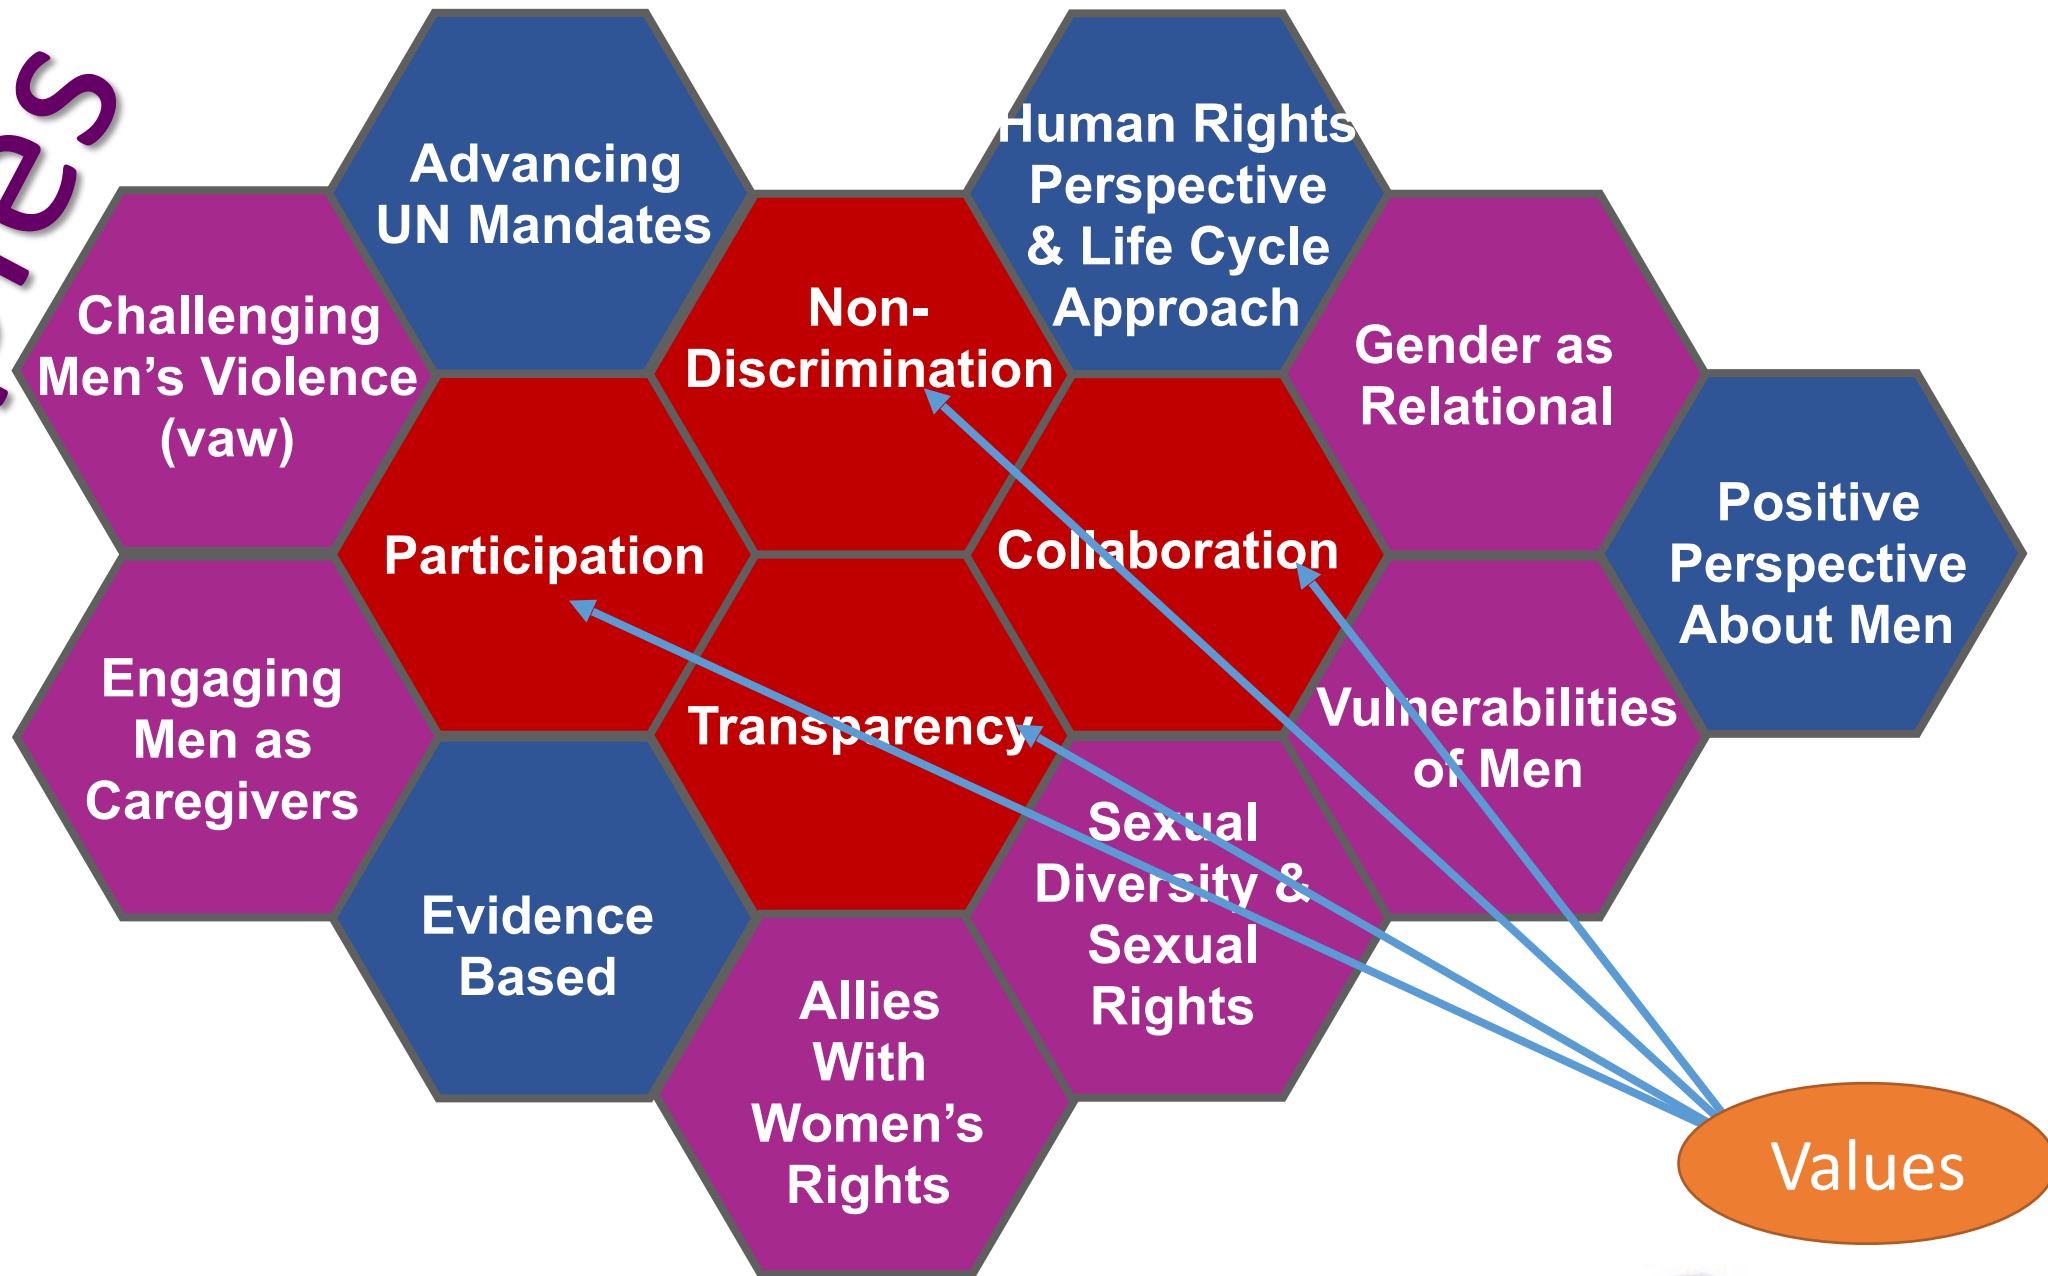

- Group education and training
- Service provision (counseling, health services, batterers interventions programs)
- Community mobilization
- Communication/mass media campaigning
- Social marketing campaigns/edutainment
- Networking and promotion of men activism in partnership with women and other social justice organizations
- Evidence-based research, policy research
- Advocacy and public policy (scaling up & institutionalization)
