EIGE/2015/OPER/23. Questions & Answers

Question 1: To ensure transparency, it is common EU tendering practice to keep the administrative-technical offer separate from the financial, in different sealed envelopes. Could you please specify if this is required in the current tender procedure too?

- **Answer Q1:** Indeed, the inner envelope must contain two sealed envelopes, one containing the technical offer and all other sections requested in the tender specifications except the financial offer (all on the paper original and electronic copy), and the other containing the financial offer (on the paper original and electronic copy). Each of these envelopes must clearly indicate the content ("Technical" and "Financial").
